DISCOVER AN  
EXTRAORDINARILY  
CONNECTED LIVING  
EXPERIENCE  
NAMED MYRA

MYRA IS A FREEHOLD LUXURY DEVELOPMENT THAT IS GROUNDED ON THE PRINCIPLES OF LIVEABILITY. LOCATED IN POTONG PASIR, MYRA TAKES ROOT IN THE HEART OF A THRIVING, EXTRAORDINARILY CONNECTED COMMUNITY.

Potong Pasir - where MYRA is located - is a vibrant neighbourhood located in District 13. This is an unspoken haven for those who seek an unhurried lifestyle that perfectly balances work with quality time spent with family and friends, both indoors and outdoors.

AN ABODE  
IN THE CITY

SURROUNDING VIEW

LOOKING SOUTH

In a time when things around us change so rapidly, here, traditions continue to thrive alongside the inevitable modernity. MYRA sits along a 4.2km long planned heritage corridor that cuts through various connected enclaves of landed homes and heritage shophouses, and leads all the way down to Upper Serangoon Road. The rustic charms of Potong Pasir's early morning market, its down-to-earth kopitiam's reassure with their photogenic authenticity amidst trendy cafes, the steel and glass shopping malls, and its ever-changing residential skyline.

## WHERE VIBRANT TRADITIONS THRIVE

## SURROUNDED BY GREEN CORRIDORS, PARKS & SCHOOLS

IMMERSE YOURSELF INTO THE LUSH, NEIGHBOURING PARKS VIA CYCLIST-FRIENDLY PARK CONNECTORS

MYRA's location is at the heart of a major URA initiative to intensify the greening of Serangoon. A mere kilometre away from MYRA is a new 1.6km-long park connector – the Bidadari Greenway and Bidadari Park. The park's masterplan envisions it to be a car-lite and cyclist-friendly community with seamless connectivity to Bishan, Kallang, Serangoon, Ang Mo Kio, Seletar, Sengkang, all the way up to Punggol. All around MYRA is a multitude of options.

Then there is the educational advantage that exists within one kilometre's radius, such as St Andrew's Junior and Secondary School, St Andrew's Junior College and Cedar Girls' Primary and Secondary Schools. With such proximity and multiple transport options, it is the shortest and easiest possible commute for the children, and complete peace-of-mind for parents.

Potong Pasir is strategically situated mid-way between the Central Business District and the east; surrounded by Pan Island Expressway (PIE), Central Expressway (CTE) and Kallang-Paya Lebar Expressway (KPE). The Potong Pasir MRT station connects its residents easily throughout the island.

THE GRAND LOBBY  
ARTIST IMPRESSION

Upon arrival, the sense of greenery embraces you – layer upon layer of trees, delicate ferns and shrubs, in a multitude of shapes, colours and textures. A gentle soothing breeze, made possible by maximising the natural cross ventilation, comforts you. Its elegant porte cochere extends out with its mirrored ceiling, providing shade and rain protection...invites you in. In the process, its vivid reflections extend and amplify its green landscapes.

As you step into the Grand Lobby, you are welcomed by an 'oculus' – a circular skylight that draws your eye to the planting underneath and the adjacent lifts by day; while by night, draws your focus to the dramatic play of lighting and shadows; and during rainfall, directs the rain shower to the planter that sits beneath.

MYRA.  
THE NEW  
DEFINITION OF  
EXCLUSIVITY

Designed by award-winning UK architects, Pitman Tozer Architects\* in collaboration with local firm JGP Architecture\*, and landscape architects Aspex of Design\*, MYRA introduces a multi-layered experience... that gives new meaning to exclusivity.

From afar, MYRA cuts a distinctive profile with its softly rounded façade and subtly coloured, horizontal, aluminium 'ribbons' that change in tone upwards – from champagne at the lower floors, to muted gold at the topmost floor of the horizontal bands. However, more than just aesthetics, the horizontal 'ribbons' also serve more functional purposes – to protect both the occupants and the building from the sun and the tropical rain, and to shield the balconies and air conditioning ledges.

On closer view, a layered canopy of trees envelopes its residents with a verdant, green tranquillity amidst a play of sunlight and shadows and the sound of trickling water.

Comprising only 85 residences with only 7 or 8 units per floor, MYRA is a rare find amidst the sea of sameness that surrounds us.

## 85 RESIDENCES 12 STOREYS – ALL SET IN SERENITY

MYRA illustrates, beautifully, the promise of exclusive liveability. From its unique design form, lush landscapes, to its surrounding water body – MYRA invites exploration and contemplation.

MYRA's central feature is its series of interconnected pools, anchored by a 25m lap pool, all of which create multiple water edges with each edge opening up to a different space, and the luxury of different experiences.

At the north-east end lies a quiet zone, with its distinctive pool overflow feature designed as rivulets of water. Here, there are decks with sunbath loungers, a poolside walk, a quiet sitting area, an alfresco BBQ dining area, and even a 'Chill Deck'.

Moving down to the south-east end, the energy level picks up. Here is where you will find the hydro gym, the hydrotherapy pool, leading up to the outdoor gym, which appears to float on top of the pool, offering extensive water and garden views from its vantage position.

The pool culminates in the southern end with a more active and family-oriented zone comprising a shallow play pool and its own shallow pool deck, and, further down, a leisure lawn as well as a children's playground.

Then, northwards, discreetly shaded by a thicket of plantings that spans almost the entire breadth of the tower, lies the outdoor dining area with an attached bar. In this serene setting that is just adjacent to the Grand Lobby, you're surrounded by lush ferns and fern trees that will make a truly memorable dining experience.

Altogether, MYRA's tall columns and mirrored ceilings, the layers of greenery, the many different stepped spaces and water edges, and the surrounding body of water work seamlessly to create an unmistakably elegant, sophisticated, sanctuary of peace and tranquillity that is almost... therapeutic.

## INNER CALM, OUTER SERENITY

MYRA's residences adopt a thoroughly modernist spatial design. From the outside, its design exudes a discreet and understated simplicity in deference to its location and the community at large. Yet its façade, with its gently rounded corners, quietly and confidently expresses its own individuality.

Inside, a startling sense of space and natural light embraces you with the promise of a totally new perspective to how luxury living should be. The spaciousness is both liberating and intimate.

The materials and finishes chosen are simple and without pretence and fuss, so as to be in harmony with its environment. Yet every residence is without question a luxury home.

The marriage of function and aesthetics is evident throughout the 85 residences; every aspect has been considered with the homeowners' needs and ultimate satisfaction in mind.

There's a certain rhythmic order – from the seamlessness of its living spaces, to the generosity of space and views that open up to the green canopy of trees and landscapes below, right up to the quality of the finish.

MYRA has been designed with an understated grace that inspires an inner sense of peace so as to resonate perfectly with the tranquillity of its surroundings.
